ACG Go LLC
ACG Go Anime

About Us

ACG Go LLC is an emerging pioneer company in the American anime and game industry, aiming to serve the subculture and pop culture communities. We opened our first physical anime store in Tempe, Arizona on March 13, 2022, providing a fresh shopping and gaming experience for anime enthusiasts in the United States. In our inaugural year, our store secured participation in North America's largest anime convention, Anime Expo, and we are thrilled to be returning this year.

The uniqueness and competitiveness of our store in the local market not only fill a gap for certain Chinese game developers' merchandise in the U.S. market but also meet the demands of American anime enthusiasts for authentic anime and gaming products. We are dedicated to offering a diverse range of genuine anime and gaming-related merchandise and peripherals to the broad community of anime fans and gamers.

Furthermore, in 2023, we have launched two new ventures: a bubble tea shop and an Asian fusion restaurant-creating spaces that go beyond mere dining – they are places to share a love for food, culture, and atmosphere. Also, the space to offer customers more engaging thematic interactive experiences through our themed events monthly

At ACG Go, we believe in connecting people through shared interests, be it gaming, hobbies, or enjoying a meal. As we explore new opportunities and partnerships, our goal is to continually enhance the experience for our users, creating a community united by mutual passions.
