BROW & LASH LAMINATION CONSENT FORM

*Please note that the a negative patch test does not guarantee you will not have an adverse reaction to the Glaze.

I am aware and understand that receiving a Brow/Lash treatment can, in some cases, cause an allergic reaction.

I understand that results may vary for everyone. Overall skin conditions and aftercare will ultimately affect the retention of the Brow/Lash treatment can, in some cases, cause an allergic reaction.

I understand that a negative skin patch test does not guarantee that a reaction will not occur.

Not only that, but I fully understand that this reaction can occur at any time, even if I have received this service on previous occasions.

Furthermore, I understand that the beauticians' policy to perform a skin patch test 48 hours before any cooler service.

I also understand these risks, and if I have any concerns, I will seek medical help before any colour service.

I understand that that is my responsibility to inform the beutician if there are any reactions.

Further, I grant the beautician to treat my brows/lashes and not hold them responsible for any adverse health reactions from this service.
