

Rugged Rooftops Brochure

Hard-Shell Rooftop Tent

Introducing Rugged Rooftops, hard-shell rooftop tent, the ultimate adventure companion, designed to be waterproof, durable, and versatile. It is the perfect camping solution for all your outdoor adventures.

Rugged Rooftops simply transforms any vehicle into a comfortable sleeping pod for two in under 1 minute. It's clam-style, hard-shell aluminium construction ensures durability and protection against the elements.

It is low-profile, compact, and slim-line, while still allowing ample space for bedding and gear, making it the perfect balance of functionality and convenience. Additionally, this rooftop tent is lightweight, making it easy to transport and install on your vehicle.

- Durable
- Convenient
- Comfortable
- Versatile

Hard-Shell Rooftop Tent

The Pop Up Tent

Introducing our new Pop Up Tent, a game-changer in outdoor camping. This innovative and sleek design takes camping to the next level with its spacious interior and incredible comfort.

Experience the difference with our Pop Up Rooftop Tent, designed with more headroom and better circulation for ultimate comfort during your camping adventures.

We've equipped our tent with the finest YKK zips available. These premium zippers, a renowned Japanese brand, ensure functionality and ease of use, making our tent built to last.

Not only is our tent incredibly comfortable and easy to use, but it also boasts a compact, slim-line, and low-profile design.

The Pop Up Rooftop Tent

Internal (open) Dimensions:
L 2100 x H 950 x W 1200 (mm)
L 82.7 x H 37.4 x W 47.2 (inches)

My Story

My name is Jy and I am the owner of Rugged Rooftops. We are a small Perth business, located in Fremantle, that began in December 2021.

Rugged Rooftops was born after countless years of working away, where I faced many sleepless nights, roughing it out in a swag. I travelled all across Australia, from Karijini to Townsville, where I set up camp for the night in varying weather conditions. I needed a solution that would be ideal for all types of camping and one that would also be convenient to take with me across the country.

We set out to build something that would allow you to experience the beauty of nature and the true outdoors, while still being comfortable and at a fraction of the price.

We have created a sleek Rooftop Tent design, that allows you to enjoy the beauty of the Australian outdoors in absolute comfort, convenience and style. It is easy and quick to set-up in under a minute, provides complete weather protection and not to mention a spectacular rooftop view of your surroundings. It is the all-weather camping solution that will ultimately elevate your outdoor experience.

We have extended our product range offering a Pop Up Tent design, Hard-shell XL tent design and our 270 degree awning.
