| Company Name: | Habitat Craft Cannabis Inc | | | |
|---|----------------------------|------------------------------|---------|----------------|
| LIC# | U5BTZ3167F-2022 | | | |
| Product Category: | Dried Cannabis - Flower | | | |
| Product Name: | BLUEBERRY LEMONADE | | | |
| Lot Number: | 60088 | | | |
| ANALYSIS Dates(s) | (13/17/25)- July -2023 | | | |
| Paramters | METHOD | SPECIFICATIONS | 60088 | Potency (mg/g) |
| Total THC: | Validated external lab | As reported | 26.214% | 262.14 |
| D9 THC | Validated external lab | As reported | 1.348% | 13.48 |
| Total CBD: | Validated external lab | As reported | 0.066% | 0.66 |
| Total Terpene | Validated external lab | As reported | 2.97% | 29.73 |
| TERPINOLENE | Validated external lab | As reported | 0.81% | 8.07 |
| MYRCENE | Validated external lab | As reported | 0.30% | 3.04 |
| в-Caryophyllene | Validated external lab | As reported | 0.25% | 2.45 |
| b-pinene | Validated external lab | As reported | 0.13% | 1.3 |
| MICROBIOLOGY TESTS | METHOD EP 5.1.8 Table | SPECIFICATIONS | 60088 | EVALUATION |
| Total Aerobic microbial counts (TAMC) | Validated external lab | < 500 000 CFU/g | 7600 | PASS |
| Total Yeast and mold counts (TYMC) | Validated external lab | < 50,000 CFU/g | 5200 | PASS |
| Bile Tolerant Gram-Negative Bacteria (BTGNB) | Validated external lab | < 10,000 CFU/g | ND | PASS |
| Escherichia Coli (Absence in 1g or more) | Validated external lab | negative | ABSENT | PASS |
| Salmonella (Absence 25 g or 25 ml) | Validated external lab | negative | ABSENT | PASS |
| Aflatoxin B1 | Validated external lab | < 5 PPB (ug/kg) | ND | PASS |
| Sum of Aflatoxin (B1, B2, G1, G2) | Validated external lab | < 20 PPB (ug/kg) | ND | PASS |
| LIMIT TESTS | METHOD | SPECIFICATIONS | 60088 | EVALUATION |
| (Heavy Metals) | As per USP 232 | USP 232, Table 2, 10g MDD | | PASS |
| Arsenic (As) | Validated external lab | Arsenic <0.2 ppm | <0.025 | PASS |
| Cadmium (Cd) | Validated external lab | Cadmium <0.2 ppm | <0.020 | PASS |
| Lead (Pb) | Validated external lab | Lead <0.5 ppm | <0.010 | PASS |
| Mercury (Hg) | Validated external lab | Mercury <0.1 ppm | 0.077 | PASS |
| Pesticides (HC STANDARD) | Validated external lab | None detected | ND | PASS |

Habitat Craft Cannabis Ltd. Attests the following: Fresh Cannabis is hung to dry for 14-21 days prior to trimming. Trimming is done by hand, using scissors only. All dried cannabis is hand inspected and packaged by hand to ensure the highest quality of product. Products are not treated with any pesticides at any time at the Habitat Craft Cannabis Ltd. Facility. Every product was created following approved Standard Operating Procedures (SOP's) and required processing and product specifications.
