

PADDINGTON

CONSTRUCTION Hand Woven

COMPOSITION Wool and Artsilk blend

STOCK SIZES (cm) 150 Diameter / 200 Diameter / 250 Diameter

CUSTOM OPTIONS Not available

USE PURPOSE Indoor

SUITABILITY Residential

SNOW

SILVER

CHARCOAL

BREEZE

OLIVE

CLAY

CARE

Vacuum regularly. Clean spills immediately. Never rub a spill, instead blot any liquids with a dry absorbent white cloth or paper towel. Some stains may be cleaned with a mild clear detergent and lukewarm water. If the stain cannot be removed, seek specialist advice. Do not machine wash.

MANUFACTURING VARIATIONS

All rugs are made by hand which means there is a slight chance that variations in size and colour can occur. Up to 5% variation in size and colour is considered acceptable. Variations in pile height and total thickness of 1-2 mm are considered acceptable.

PRODUCT CHARACTERISTICS

SHEDDING Often new rugs begin to produce fluff as a result of loose fibres that remain in the rug after the manufacturing process. Vacuum regularly and this will reduce over time.

SPROUTING Occasionally loose yarn ends will rise above the pile surface. This is a characteristic of this particular weave. Strands can be safely trimmed to the surface when this occurs with a pair of sharp scissors.
