## PharmLabs San Diego Certificate of Analysis

3421 Hancock St, Second Floor, San Diego, CA 92110 | License: C8-0000098-LIC ISO/IEC 17025:2017 Certification L17-427-1 | Accreditation #85368

## sample Ghost Strawberry Watermelon

	<b>J</b>					
Sample ID SD221201-046 (56348)		Matrix Edible (Other Cannabis Good)	Matrix Edible (Other Cannabis Good)			
Tested for HONEST PP&D, LLC						
Sampled -	Received Dec 01, 2022	Repo	Reported Dec 02, 2022			
Analyses executed QARUSH, CAI	NX	Unit Mass (g) 25.391	Serving Size (g) 5.078			

Laboratory note: unit size = 5 pieces

The estimated concentration of the unknown peak in the sample is 2.55 mg/g | Currently PharmLabs laboratory can not confirm an unidentified peak in your chromatogram due to interference (only with highly concentrated D8 products) from which we believe to be either (+)d8-THC of d9-THC. At this time there are no reference standards available for (+)d8-THC (+)d8-THC is a different compound from the main (-)d8-THC cannabinaid and, therefore, these two compounds may have different efficacies. Using the most advanced instruments and techniques available, the separation of (+)d8-THC and d9-THC is problematic for the scientific community as a whole. PharmLabs believes the unidentified peak to be a combination of (+)d8-THC with the majority, if not all, of the concentration being (+)d8-THC. Is estimated to be the theory of the test of the scientific community as a whole. PharmLabs believes the unidentified peak to be a combination of (+)d8-THC with the majority, if not all, of the concentration being (+)d8-THC. Is a different efficience with the majority of the scientific community as a whole. PharmLabs believes the unidentified peak to be a combination of (+)d8-THC with the majority. If not all, of the concentration being (+)d8-THC is problematic for the scientific community as a whole. PharmLabs believes the unidentified peak to be a combination of (+)d8-THC and d9-THC with the majority. If not all, of the concentration being (+)d8-THC is problematic to be table.

PharmLabs San Diego | 3421 Hancock St, Second Floor, San Diego, CA 92110 | 619.356.0898 | ISO/IEC 17025:2017 Certification L17-427-1 "This report shall not be reproduced except in full, without the written approval of the lab. This report is for informational purposes only and should not be used to diagnose, treat or prevent any disease. Results are only for samples and batches indicated. Results are reported on an "as received" basis, unless indicated otherwise. When a Pass/Fall status is reported, that status is intended to be in accordance with federal, state and local lows which are required for the customer to be in compliance. The measurement of uncertainty is not included in the Pass/Fall evolution unless explicition unless explicition, state or local lows and has been reported on the retrificate of analysis. Ressurement of uncertainty is available upon request.
