BEHIND THE BAKER

When starting Baked by Melissa out of her New York City apartment in 2008, Melissa Ben-Ishay's only objective was to bring a smile to people's faces with her bite-size, handcrafted cupcakes. Seventeen magical years later, so much has changed, but her commitment to that mission remains the same.

Baked by Melissa will always be in the business of making people happy, one bite-sized treat at a time. We believe that no win is too small to celebrate and that whatever you have to say is always better said with cupcakes. This philosophy is reflected in everything that we do & our business is designed to make doing so as easy as possible for you.

So whether you're showing appreciation, honoring achievement, or celebrating one of life's many special moments, we guarantee our gifts are the perfect way to make that person's day.
