- Notice

XTREME GRAVEL GEAR do not recommend the use of a body lift in conjunction with a lift kit, lift kits raise the center of gravity and your vehicle may react differently, drivers field of vision and judgment may also differ due to the change in ride height, XTREME GRAVEL GEAR urges that extreme caution be taken when driving in conditions that may cause loss of control or balance.

XTREME GRAVEL GEAR will not be held liable or responsible for damages or personal injuries resulting from the use of lifting devices and/or related products. The tires and rims should be changed to sufficiently increase the vehicle's total overall width and stability to help accommodate lifting devices

XTREME GRAVEL GEAR recommends that all listed vehicles undergo a full safety check including wheel alignment, brake check, speedo check, steering system check and clearance check by a certified mechanic, this includes a 1500kms bolt torque check.
