

# SURYA Brasil

Surya Brasil Amazonia Preciosa [Ucuuba Restructuring Hair Mask](#)

The formulation is for curly and brittle hair, and is 99% natural (close enough!). I using this as a bimonthly deep conditioning moisturizing and protein treatment. The essential oils and nut butters work wonderfully on my kinks and curls. Because it's all natural, the smell of the conditioner –mildly medicinal–isn't the best, but I'm in it for the results, not whether or not it smells like apple blossoms and berries. Consistency is on the mid-range...not runny, but not ultra thick, so those with thick hair or long hair will have to use quite a bit, because I recommend you distribute for root to tip for optimal results.
