Surya Brasil - Eco-friendly Body and Hair Care

Surya Brasil is a company that prides itself in making products that are a number of things - organic, vegan, cruelty-free, and fair trade. Any company that makes do-gooder products is in some respects, very attractive. Usually prices are off-putting (*there's a price to being nice*), but if the products perform well, I typically don't have an issue with the cost.

For the past few weeks, I've been fiddling around with numerous Surya Brasil body and hair care products. Here are my thoughts:
