THE IRISH NEWS

Getting your hair summer-ready

WITH summer on the horizon, it's time to get our tresses sunshine ready – so how do you fancy winning an intensive hair mask to restore the health of your hair? Making a transition to a greener, gentler hair care routine could not be easier with the Surya Brasil Color Fixation Single Application Intensive Hair Treatment. A vegan product, it has been specially formulated to care for coloured hair. The creamy restorative mask hydrates and revitalises dyed or damaged hair with Anaxonia ingredients such as Buriti Oil, formulated to provide a deep treatment for dry or coloured hair. It is also rich in natural botanicals with emollient properties, that make it ideal for a hair spa treatment with a thermal cap or hot towel. The hair mask can also be used as a periodic intensive treatment for maintaining healthy hair for all hair types. The formula is enriched with rice proteins that strengthen the cuticle of the hair, restoring shine and manageability. Check out the Surya Brasil range at www.yourtonic.com

I have three Single Application Intensive Treatments to give away. If you fancy winning, simply email your name, address and telephone number – along with the answer to the question below – to competitions@irishnews.com. Closing date for entries is Tuesday, March 11 at 12 Noon. (Q) How many days are there in March? Normal Irish News Rules Apply
