

# PAPER PALLS 01 - FOX

## INSTRUCTIONS

Your new friend comes to you almost ready to play, but some assembly is required. For maximum fun, we recommend using card.

1. Carefully cut around the outside of the fox with sharp scissors.
2. Use a craft knife to cut along the tips of the fox's whiskers (see photo).
3. Fold along the dotted lines - you may find this easier if you gently score along them first using a craft knife and ruler.
4. Glue or tape the white tabs to the inside of the fox.
5. Slot the orange tabs marked with a black triangle into the slits marked with a white triangle.
6. PLAY!!
