

LX/LK SERIES

50 - 500 Watts Coaxial / Component Speakers

LX / LK Series speakers combine graceful dynamics with true value for today's industry demands. LX / LK speakers provide some of the best quality available in a full range speaker system for today's money and are designed to be easily installed in most modern vehicles

MSRP: \$94.95 ~ \$149.95

Overview:

All **LX** models use crystal clear German Silk Soft Dome Swivel Tweeters, in-line high pass filter and auto tweeter protection is directly hard wired. Other features include heavy gauge stamped steel / low resonance composite baskets, high flux Y35 strontium magnets, pure copper voice coils, fully isolated tinsel leads to eliminate unwanted cross talk, UV protected poly injected cones, butyl rubber surrounds and custom two piece paintable grills.

The **LK 6** can handle up to 250 Watts Peak power and uses crystal clear 20mm German silk soft dome swivel tweeters with a multi-mounting hardware system. An inline 12dB octave high pass filter is directly hard wired to the tweeter to allow for a flexible installation. Features include: Heavy gauge stamped steel / low resonance composite baskets, high flux Y35 strontium magnets, pure copper voice coils, fully isolated tinsel leads to eliminate unwanted cross talk, UV protected poly injected cones, butyl rubber surrounds and custom two piece paintable grills.
