

# STEPHEN WEBSTER

LONDON

## Ring Size Guide

To find your perfect fit, please ensure this guide is printed on A4 sized paper and scaled to 100%.

Alternatively, when printed, place a credit card on the line below. It should match the lines fully.

### Measure by matching your ring

If you have an existing ring that fits you well, place it on the printout to find your size.

On the occasion your ring falls between two sizes, we recommend choosing the larger size.

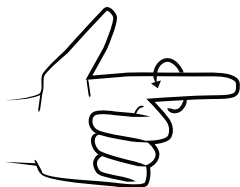

Our expert sales team are available to contact, should you require further advice. For Live Chat, click the speech bubble at the bottom right of our website.

Stephen Webster offers complimentary ring resizing by one size up or down within 14 days of receiving your order.

### Measure your finger with the ruler

We have created a printable ring sizer to enable you to find your ideal size. Just follow the below simple steps!

- ◇ Carefully cut around the sizer tool and cut a slit through the dotted line at the top.
- ◇ Place the tool around your finger with text facing outwards and pull the end through the slot.
- ◇ Pull to fit comfortably around your finger. Make sure to measure your knuckle, to ensure the ring can slide on and off.
- ◇ Find the number the arrow is pointing to and find your ring size.
- ◇ Always measure at room temperature, when your hands are not unusually cold or warm.
