

# ARCHETTI

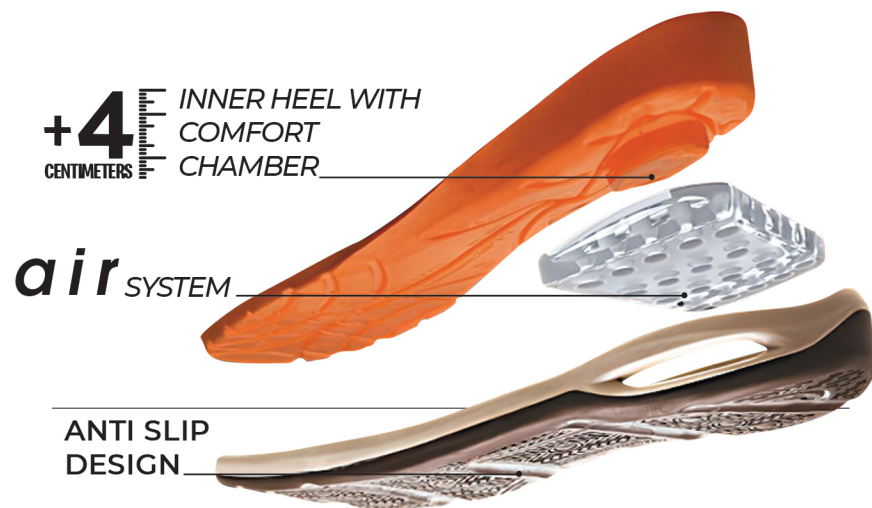

London

Autumn | Winter 2023

Archetti has been created from the consumer demand to fuse shoes and sports trainers. You can now wear a great looking shoe with the feel and performance of a sports trainer, combining maximum comfort with the ultimate in sports performance. Only Archetti can give you this as we have had years of experience from making the most comfortable shoes in the world with our Anatomic & Co brand and fusing them with sports technology. Our new hybrid collection can be worn with formal or casual clothing – that is the real beauty of Archetti.
