MAKING FEET HAPPY

## SPRING SUMMER 2023

Designed in the UK and lovingly hand crafted by professional shoemakers in Brazil, Anatomic Shoes offer unbeatable instant comfort. Our Anatomic Gel Technology is the result of 30 years of research and is used in tandem with the finest Brazilian Leathers to produce high quality, incredibly comfortable footwear across multiple width fittings.

Combining our love of all things natural and our registered Gel Technology we create beautifully crafted, authentic footwear with cushioned footbeds and supple, hinged insoles to provide added comfort and flexibility. As a natural product we only use naturally treated full grain leather and natural rubber soles.

These values are at the heart of Anatomic & Co, where it is our mission to craft instantly comfortable, fashionable footwear for those that want to do more and be in good company.
