EXPLORE LEARN PLAY

Unik Creation Industries Company Limited

EDU **Sense**[®]

LEARNING • FUN • GROWTH

COMPANY

Unik Creation is leading designers, developers and manufacturer of innovative educational resources in China.

Our wide product range is designed to inspire children learning through play and sell to companies all over the world who supply schools, nurseries and other teaching daycare centre.

WHY US ?

- 1 With strict production standard workshop and experienced sales team, we can provide products with high and stable quality, also with good pre-and after-sales customer service.
- 2 Unik offers you innovation in design and ideas including the customized products & package, product publicity material, marketing solutions to help the sell extending more effectively.
- 3 Our professional R&D team and marketing team keep their innovative mind develop different kinds of new products every year.

BRANDS

EDUSENSE, combined by words "education" and "sensory", which is the first multi-sensory educational equipment brand in China.

Guided by motto, "Wonderland for kids", EDUSENSE creates, develops liquid floor which is registered as patented product.

Liquid floor, as sensory teaching equipment and educational toys for children in Kindergarten and daycare centers, encourages children learn through play.

From birth to early childhood, children use their five senses to explore and try to make sense of the world around them. Children are encouraged to explore, investigate and develop their ideas while sensory exploration. Sensory play has some amazing benefits for young children, and as we know now, children are wired to learn through their senses. It helps cognitive development, the more senses that are involved the better!
