MEN'S GROOMING

Label Guidelines:

2 oz Beard Oil

Follow these steps to design your labels:

- 1. Do not change the weight statement on the bottle or the ingredients.
- 2. Label Creation Tips:
 - Design directly on the provided label templates to ensure they fall within the "safe space" of the label trim.
- 3. FDA Compliance:
 - All labels must comply with FDA regulations which means it needs the following required information.
- 4. Required Information:
 - Include the following on your labels:
 - Directions
 - Cautions
 - Ingredients
 - Product Name
 - Fill Quantity (do not move)
 - Distributor Info: Company or personal name, city, state, zip code, email, website, or phone number.
- 5. Label Review:
 - All labels applied by Private Label Men's Grooming (PLMG) will be reviewed and approved before use.
- 6. Do NOT:
 - Edit or change the text for directions, ingredients, or cautions. However, you may change the font style and color.

• Use a font size smaller than 4 pt.

- 7. Unwind Position:
 - For labels applied by PLMG, use a left-off first unwind position.
- 8. Adhesive:
 - Choose a "permanent" adhesive, like "White BOPP Permanent."
- 9. Label Finish:
 - Select your preferred label finish.
- 10. Label Size:
 - Double-check that the label size is correct. Maximum label size (W x H) for a 2 oz Beard Oil is 4.625" x 1.875".

Directions: Apply one to four drops into the palms of your hands and apply to your beard and face.

Cautions: For external use

only. Avoid direct contact with eyes, and mouth. If irritation occurs, discontinue use. Keep out of reach of children.
