

Lesson 2
Day 1

Two-syllable words

1. Review Your Word List

Look at the word list below and read each word to yourself. Then review each definition.

Syllables are small units of sound that make up a word. When you have more than one syllable in a word, usually one of the syllables is more pronounced, which means it is emphasized more strongly, or loudly, than the other syllables.

Example: **hockey**

This word has two syllables: **hock** and **ey**. Notice that when you pronounce this word you naturally say it in two parts, **hock-ey**. You will also notice that the first syllable **hock** is emphasized more than the second syllable **ey**.
