COMPANY PROFILE

Green Row LLC is a Los Angeles, California based company that has a manufacturing units located in India. Our company aims to provide best quality range of plastic packaging including bottles, caps & dispensing pumps. We also started manufacturing Lotion Pumps, shortly coming up with Trigger Pumps. We also stock and import Closures, Trigger pump Cream Pumps, Spray Pumps, Airless Bottles and Containers, Acrylic and plastic Cosmetic Jar, Glass bottle.

Our bottles are of exceptionally superior quality, lightweight and 100% recyclable. Our plants are equipped with latest molding machinery i.e., Blow molding, Injection molding, PET molding & Injection Blow molding machineries. Specially developed clean room for Pharma & Food product. Our Manufacturing units are equipped with new technology like In-MoSId Labeling (IML), Printing, Sleeving, Stickering and wadding machine.

Our working strength is more than 200 employees. We have in house product development team & in house tool room for developing new products. Our Quality, Packaging & Production policies have enabled us to achieve and continuously maintain ISO-9001:2015 certification. Our quality control department ensures best quality products to be deliver to customers.

Our Aim: To create awareness among all our clients and business partners to make use of biodegradable and recycle raw materials in packaging solutions.in terms of product, quality, service, delivery and sustainable packaging solutions.

Vision: Delight each customer's experience by providing the value proposition in terms of product, quality, service, delivery and sustainable packaging solutions.

Our Values: We conduct our operations and how we interact with our colleagues, partners, Consumers with honesty, integrity, reliability, sustainability and responsibility in all actions and decisions we take.

OUR STRENGTH

- Best quality product
- All our locations are easily accessible
- Prompt service
- In house products design team
- In-House tool Assistance
- Delivery of goods secularly with shortest lead time possible
- Specially designed clean room for Pharma & food packaging
- ISO certified (Quality, Packaging & Production) Plant
- Each product design can work with brand packaging concepts

CAPABILITY

- Product design & development
- Handling turnkey projects
- In mould labeling machines with robotics in IBM
- Automatic screen printing machines
- Shrink sleeving machines
- 2 color automatic UV screen printing machines
- Ability to produce bottles from 5 ml to 2000 ml
- Auto sticker machines
- Anti-counterfeiting features in packing
- Brand protection features in packing

MACHINERY

- Plastic Injection Moulding Machine
- Plastic Blow Moulding Machine
- Plastic Injection Blow Molding Machine
- In Mould Labeling Machine
- Single Stage Pet Machine
