

## Inlei Lash Filler Treatment Instructions

- Thoroughly cleanse the client's eyelashes area with **Inlei Mousse**.
- Ensure that lashes are well rinsed with **Inlei Saline Solution**.
- Apply eyepatches to secure bottom lashes.
- Place a selected size of the **Inlei Silicone Shields** on the clients eyelids securing it with **Inlei Fixing Gel**.
- Align the eyelashes in the desired directions using **Inlei Fixing Gel**, **Inlei Filling Tool** and **Inlei Helper**.
- Apply a uniform layer of **Inlei Form 1** with a brush at 1-2mm distance from the roots **without touching and covering the tips of eyelashes**.
- Leave on for 6 - 12 minutes, based on the thickness of the hair. **DO NOT COVER WITH CLING FILM**.
- Remove the product with **dry cotton buds** or a **clean brush**.
- Apply **Inlei Fix 2** with **Inlei Vincent Brush** and leave on the lashes for half the time of Form 1 , plus 1 minute (eg. if Form 1 was left for 8 minutes, you would leave Fix 2 for 5 minutes).
- Remove the product from the lashes with **dry cotton buds** or a **clean brush**.
- Tint the lashes with desired shade by mixing **Inlei Tint** and **Inlei Tint Developer** at a 1:1 ratio. Apply the tint using a brush ,and keep it for 6 - 12 minutes, based on the thickness of the hair.
- Remove the product from the lashes with **dry cotton buds** or a **clean brush**.
- Dispense a few drops of **Inlei Filler 3** and apply evenly to lashes, using it to remove any leftovers of tint and/or Fixing Gel and unstick the lashes from the silicone shields.
- Remove silicone shields from the eyelids, clean the eyelids and brush the lashes.
