

# Water Store

1004 King Street Midland ON L4R 0B8 – 705-527-5900 – [info@waterestore.com](mailto:info@waterestore.com)  
[www.waterestore.ca](http://www.waterestore.ca) in Canada [www.waterestore.com](http://www.waterestore.com) in USA

What information do we need to help you with a water filtration system?

1. Where are you located? \_\_\_\_\_
2. How many people are in your household? \_\_\_\_\_
3. How many Bathrooms do you have? \_\_\_\_\_
4. What is your water source?
  - a. Well
  - b. Lake
  - c. Municipal Water from a city or town?

## If you are on Municipal Water:

5. Does your water smell? \_\_\_\_\_ If so, does it smell like bleach? \_\_\_\_\_
6. Does anyone in the household have sensitive skin? \_\_\_\_\_

We need the following to test information:

- A. Hardness in GPG or PPM
- B. Total Dissolved Solids (TDS) in PPM
- C. Manganese (if possible)

## If you are on Well Water:

Same as Municipal Water Plus:

- A. Does your water smell? \_\_\_\_\_ If so, does it smell like rotten eggs? (Supleur) \_\_\_\_\_
- B. Iron in PPM \_\_\_\_\_
- C. If you have iron and or sulphur in your water, what is your flow rate? \_\_\_\_\_  
If you don't know, this You Tube video of ours shows you how to calculate.  
<http://youtu.be/BONHr56jnks>
- D. PH \_\_\_\_\_
- E. If you pour your water into a white bucket does it have a weak tea colour when it goes into the bucket? \_\_\_\_\_

## If you are on Lake Water:

Same as Municipal and Well Water

- A. Does your water have a "fishy smell"? \_\_\_\_\_
