TECHNICAL FEATURE GLOSSARY

TX3 ALLOY

High-strength alloy for reduced wall thickness and lower swing weight

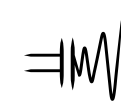

LODE CAP

High rebound cap material for a larger sweet spot and explosive sound

ENHANCED OUTPUT COMPOSITE

Unique composite material for a faster break in

DAMPENING BRIDGE

Custom Stiffness for adult baseball players for improved energy return and a smooth feel

VARIABLE DENSITY WALL PROFILE

Varied wall design for a larger sweet spot and lower swing weight

PARABOLIC BARREL TAPER

Redistribution of weight for a larger hitting area while maintaining swing weight

X-FRAME BARREL DESIGN

Extended barrel design for increased hitting surface and larger sweet spot

TUCCI

ALLOY & COMPOSITE BATS

The TUCCI brand offers a range of high-performance baseball bats designed for serious players who demand superior power and precision at the plate. They feature advanced construction techniques, including high-strength alloys, varied wall designs, and high-rebound materials, that provide larger sweet spots and lower swing weights, resulting in explosive hits and consistent performance.

With their custom stiffness and balanced or end-loaded swing weights, these bats are tailored to the needs of serious baseball players who want to take their game to the next level.

MILANO YOUTH

28" 29" 30" 31"
BARREL 2 3/4"
DROP WEIGHT -10

The MILANO USSSA bat is designed to deliver top-of-the-line performance and precision. Its unique Enhanced Output Composite material allows for faster break-in time, while the extended X-Frame barrel design provides an increased hitting surface and sweet spot for improved performance. The bat's high rebound LODE cap further enhances its sweet spot and delivers an explosive sound upon contact. With its redistribution of weight for a larger hitting area and light swing weight, the MILANO allows for more control, making it an excellent choice for serious baseball players who demand the best in performance and quality.

- Unique composite material for faster break in
- Extended barrel design for increased hitting surface and sweet spot
- High rebound material cap for larger sweet spot and explosive sound
- Redistribution of weight for larger hitting area while maintaining swing weight

SUPERIOR CRAFTSMANSHIP TOP-TIER PERFORMANCE

TUCCI

TUCCI WOOD BATS

After a promising professional baseball career was cut short by injury, Pete Tucci sought a way to stay close to baseball. With the encouragement and support of his family and friends, Pete Tucci launched TUCCI Lumber Company in 2009.

Combining years of firsthand knowledge of professional players' needs, extensive technical research and constant design and manufacturing process refinement, TUCCI bats have reached the pinnacle of the industry. Their bats are now trusted by hundreds of pro players, and countless other athletes across the globe.
