

MIDLAYER PULLOVER – MDW

MPN: 70029 S, M, L, XL, XXL 15.5 OZ. // L

A mid-weight fleece pullover that is worn as a midlayer in conjunction with a combat layering system when conducting full spectrum combat operations, or alternatively as an off-duty technical apparel item.

PRODUCT FEATURES

- Wet Weather Jacket Compatible – allowing the pullover to be functionally worn as insulation with a Wet Weather Protective Jacket
- Low Profile Hood (w/integrated face mask) – allowing for expedient coverage of head/face
- Half Zip Centre Front Closure – enhancing ventilation when mobile and the ease of donning and doffing
- Left Chest Zip Pocket – allowing for the secure carriage of mission essential items
- Wrist Thumb Holes – allowing for expedient coverage of upper hands when gloves are not being worn in cold weather conditions
