Body Glue Safety Data Sheet

In accordance with 1907/2006 EWG

Revision: 23.09.13

7. Handling and storage
 - Advice about safe procedure – not applicable
 - Advice about protection from fire and explosion hazards
 - Requirements for storage areas and containers
 - Store at room temperature
 - Advice about mixed storage – not applicable

8. Exposure limitations and personal protective equipment
 - Hygiene requirements
 - Do not eat, drink or smoke while working.
 - Remove soiled or soaked clothing immediately
 - Protective measures – not applicable
 - Personal protective equipment
 - Respiratory protection: Not necessary
 - Eye protection: not necessary
 - Hand Protection: Not necessary
 - Penetration time: --
 - Body Protection: not necessary

9. Physical and chemical properties
 - Form: Liquid
 - Colour: White
 - Odour: Neutral
 - Melting Point: Not applicable
 - Boiling Point: 100 C
 - Flash Point: Not applicable
 - Ignition Temperature: Not applicable
 - Viscosity: Not applicable
 - Density: 1020 kg/m
 - Miscibility with water: miscible
 - PH Value: 4

10. Stability and reactivity
 - Conditions to be avoided – none known
 - Substances to be avoided – none known
 - Dangerous decomposition products – none known

11. Toxicological Information
 - Acute effects
 - Swallowing – None
 - Eye – None

Body Glue Safety Data Sheet

In accordance with 1907/2006 EWG

Revision: 23.09.13

Skin – None
Respiratory – None
Chronicle effects
Repeated toxicity – none
Sensitisation – none
Cumulative effect – none

12. Ecological information
Ecotoxicity
Aquatic environment – none
Terrestrial environment – none
Atmosphere – none

Mobility
Potential high mobility ingredients: None

Persistence and degradability
Potential high persistent or potential high accumulating ingredients: None

Other Information:

13. Disposal considerations
Dispose in accordance with the regulations imposed by the local authorities
14. Transport information
Classification: No dangerous goods
ADR / RID / IMDG – Non applicable
15. Regulations
Designation in accordance with directive 67/548/EC or 99/45/EC
No labelling required
Indications of danger – None known
Hazardous contents – None known
Chemical safety assessments composed by the issuer for the following contents – none known

Published material and information are based upon research which the company believes to be reliable, but such material and information does not constitute warranty. They should give all information to handle the product safe and properly. The buyer should carefully consider fitness and performance of the product for the each intended uses and buyer assumes all risk connection with such use.
