STATIONERY FOR GOAL DIGGERS

## THE MIGOALS STORY

MiGOALS is a global stationery brand with roots in Melbourne. MiGOALS started with a simple idea - to design a simple product that helps people turn dreams into action.

Our founder, Adam Jelic, was frustrated by the outdated structure of diaries on the market. There were plenty to choose from, but none of them actually helped users hone in their goals.

Noticing a gap in the market, Adam launched the first MiGOALS diary in 2010. Since then, the brand has grown globally with a dedicated community of dreamers and actiontakers, whom we call our Goal Diggers.

Millions of people now look to us to help them define their dreams, get clear on their goals and make awesome things happen. MiGOALS isn't just a stationery brand. We're an empowerment company that helps goal setters Get Shit Done.

## WHY MiGOALS PRODUCTS?

Take control of your day-to-day and set yourself up for success. One thing we know is that in your workplace - notes can get lost, papers bundled and notebooks thrown around like scrap paper.
