The inviting infinity pool at The Byron at Byron

HINTERLAND HAVEN BYRON BAY

THE LOWDOWN On 18 hectares and nestled in a subtropical rainforest, The Byron at Byron is the leading luxury resort in the NSW coastal town of Byron Bay. With direct access to Tallow Beach and just a stone's throw from the town centre, the retreat offers an idyllic setting to rest and recharge—without sacrificing any of the mod-cons you can't live without. All suites come with luxury bedding by Australian brand A.H. Beard, which developed the signature Byron Recharge Bed especially for the property. The menu at appropriately named The Restaurant makes the most of produce sourced from surrounding farms, and Head Chef Gavin Hughes takes guests on excursions to the Byron Farmers' Market every Thursday to find the freshest ingredients for an interactive weekly Farmers' Market Dinner. The Byron at Byron is well-known for its focus on wellness, so be sure to leave time for lounging by the 25m heated infinity pool, take a meditative stroll along the boardwalks in the forest, and ditch your morning latte for complimentary daily yoga sessions at 8AM.

A tranquil guestroom with bespoke bed linen

THE HIGHLIGHT It's difficult to imagine staying at this renowned retreat without indulging in one of its spa experiences. Be pampered with a massage or facial treatment tailored to your needs, utilising a range of all-natural products. To help you defrost during the cooler months, The Byron at Byron is offering a Winter Warmers package (from \$399 per night) that includes a two-night stay, an upgrade to a Superior Suite (pictured above), 10 per cent off all spa treatments and a bunch of other goodies to keep you toasty.

77-97 Broken Head Road, Byron Bay, NSW
