PROJECT CHANDIGARH
PIERRE JEANNERET RE-EDITIONS

PRICELIST 2023

TIGMI

Commissioned to design the government offices of Chandigarh India in the 1950s, Swiss architect Pierre Jeanneret's collection of teak and cane chairs have become one of the most sought after mid-century modern design pieces in the world.

Tigmi are working with skilled artisans from Phantom Hands on re-edition furniture pieces that embody the craftsmanship and honour the design of the originals.

Crafted by hand, each is true to the dimensions of the original pieces while reinterpreting their design for the contemporary world by improving functionality, quality of materials and level of craftsmanship, without compromising the original design and philosophy. The timber is ethically sourced and the cane peeled and woven by the hands of skilled weavers, with careful emphasis on the nuances and details that make these designs special.

The Chandigarh Collection was awarded 'Best Re-Edition' in the 2023 Monocle Design Awards - celebrating design across the world, and honouring people and products that are enhancing lives.

TEAK FINISHES

WOOD FINISHES

NATURAL TEAK

For natural teak finish, transparent wood polish and sealer are applied with a soft cloth to bring out the natural golden brown colour of teak. Please note, each batch of teak is unique and actual shade may vary a little from the reference image.

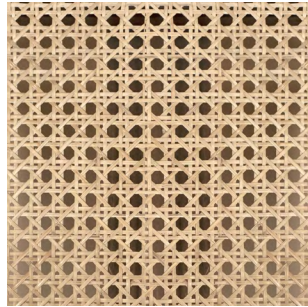

DARK TEAK

For dark stain, a coat of teak stain is applied by hand to give the wood a deeper, darker shade.

BLACK STAIN

For black finish, the wood is sprayed with an eco friendly water based paint (ral 9005) that leaves the grains and patterns visible.
