- ✿ Fixtures are machined in the USA of 20 gauge steel that is sourced right here in America, so you know it's durable and will last for the long haul! We guarantee it!
- ✿ Tool-less removal of front panel makes this a truly quick install fixture.
- ✿ Best in the industry, high-performance, color-coded lamp holders made in Italy. Red designates the wired/hot side of the fixture and green for the non-powered side.
- ✿ This is a true flush mount fixture. There are no large obstructions on the rear - just a few screw heads and 1/8" tab for the wiring door. Many fixtures claim flush mount but do not deliver.
- ✿ Easy Installation, many DIY'ers will be able to install without an electrician. Each fixture includes detailed instructions and our website has all the tutorials to help you save money and install yourself if you choose.
- ✿ Ideal mounting height is 15' and under.
