Customer Identified Hazard(s)

Key Operating Instructions

Connect the shaft drive dog into the drive unit and lock before starting the engine.
 Never operate head out of the mix for more than a few minutes to prevent overheating, wet concrete keeps head at proper operating temperature.
 Do not use flexible shaft to pull motor along the ground.

Please refer to the User Guide and Operator's Manual for Operating Instructions.

The Safety Information on this assessment has been developed for the Hire and Rental Industry to assist in the safe operation of this equipment.
