RAFOGAR

FESTIVE 2022

DOT

~ RAFOOGAR ~

Laced with butas and floral motifs, our pieces bring together different styles and palettes which melt together -- forming a new whole. Against plain and neat backdrops, the design of the cypress and the petals are dexterously carved onto the silk fabric. The making of a composite piece of work is often preceded by different textures and crafts dissolving themselves -- just like the papier macher form of art.
