

TECHNICAL SPECIFICATIONS

General data

NOVA	
Frequency	433MHz
Coding	Code-hopping
Transmitter models	1, 2, 3 and 4 button
Receiver models	1, 2 and 4 channel
Receiver self-learning memory	
One-channel	62
Two-channel	250
Four-channel	250

Transmitter

NOVA	
Frequency stability	0.032ppm/°C 10ppm year
Operating current	17mA
Minimum operating voltage	7V DC
Operating temperature	-15°C to +50°C
Weight with battery	38g (packed)
Battery type	GP23 12V
