ALADA

Inspired by the movement that birds draw on the sky when they move their wings up and down, Alada is a timeless and discreet folding desk that adapts to your lifestyle and space.

Alada seamlessly transforms from a wall desk to a decorative shelf in just seconds. When open it gives you a full home office experience, when folded it transforms the look of your space making it more beautiful.

Alada is available in two different finishes.

Inspirado en el movimiento que dibujan las aves al subir y bajar sutilmente sus alas, Alada es un escritorio plegable atemporal y discreto que se adapta a tu estilo de vida y espacio.

Alada se transforma sin problemas de un escritorio de pared a una estantería decorativa en solo segundos. Cuando está abierto te da una experiencia completa de home office, cuando está cerrado transforma tu espacio haciéndolo más hermoso.

Alada está disponible en dos acabados diferentes.
