

Alba Floating nightstand

MANUAL DE MONTAJE

2 POSIBILIDADES DIFERENTES

4 POSIBILIDADES DIFERENTES

 Recomendamos a dos personas para la instalación
 Necesitará un taladro manual para los agujeros de la pared

 La broca requerida es de $\varnothing 6$ mm o 15/64"
 Profundidad del agujero de la pared: 50 mm / 1.96"
 Para que el agujero tenga la profundidad exacta, mida 50 mm / 1.97" en la broca y coloque una cinta alrededor para marcar la distancia. Pare de perforar cuando llegue a esa profundidad.

Use la herramienta niveladora
Marque los agujeros con un lápiz

Coloque la pieza en "U" entre la
pared y el panel trasero.
Marque los tres orificios con un
lápiz

Atornille la pieza en "U" al panel
trasero (x2 tornillos)

Hacer el agujero en la pared

Atornille la pieza en "U" a la
pared
con ayuda de la llave Allen.
Atornille la tapa de la mesa

Atornille la pletina en L metálica usando la línea marcada
