COLLECTION

SAVIA Bench

The Savia bench is an innovative seat that follows the Savia collection design, it is a hexagonal shaped wooden bench, with its top divided by two lacquered wood nerves, that look very similar to the lines on a leaf. The wooden bench legs, as well as the other piece in this collection, are shaped like hexagons, connected through lacquered wood crosspieces, providing it with stability and resistance.

The Savia bench is available in three different finishes and can be matched with details in two colors, black and gold.

El banco Savia es un innovador asiento que sigue el diseño de la colección Savia. Es un banco de madera hexagonal, su parte superior está dividida por dos nervios de madera lacada, muy similares a las líneas de una hoja. Las patas de madera, así como las otras piezas en la colección, son de forma hexagonal, conectadas a traves de travesaños de madera lacada, dandole estabilidad y resistencia.

El banco Savia está disponible en tres acabados diferentes y es combinable con detalles en dos colores, negro y dorado.
