

SIZE GUIDE

Bracelet

KOI D'AZUR

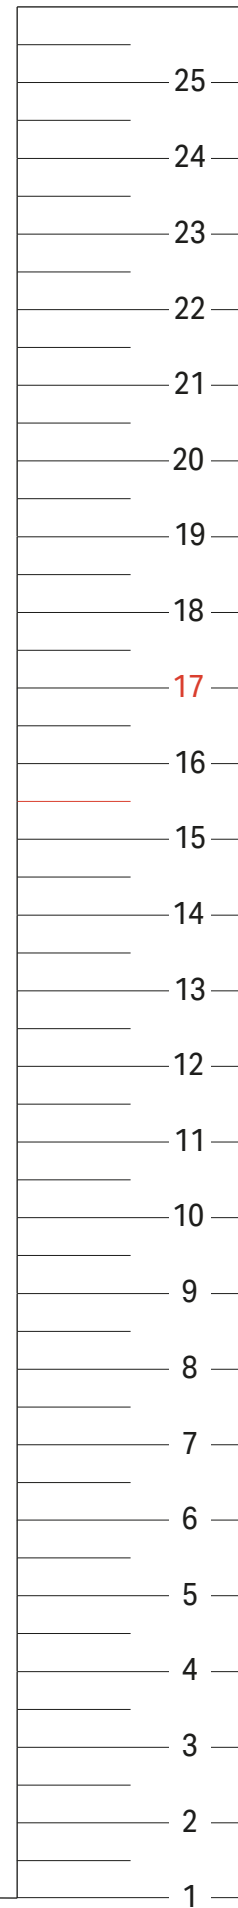

How to use:

1. Cut out the size guide and make a slit on the 'cut here' line.
2. Wrap the ruler around your wrist.
3. Carefully pull the numbered end through the slit until you've reached your desired fit.
4. You're done! You now know your bracelet size in CM.

Good to know:

- We have two standard sizes, only these ones can be returned or exchanged. The sizes are **15,5 + 2 CM** and **17 CM**, depending on the bracelet. Read the description of the product to find out which one applies!
- Buying a gift and still not sure about the size? We have extenders available! Just add them to your order and click 'add to new piece'.
- Total length is including clasp. Keep in mind you're measuring for the fit that you would like; not just your size! Also take the thickness of the chain or gemstones into account.

Make sure your guide is printed at 100%. Lay a credit/debit card here to check the scale.
