Our Story

Wine Stash has grown to become the leader in wine storage systems across the globe. Specialising in a range of premium sustainably sourced products to help you store, age & display your wine.

Whether you're an avid collector fitting out a cellar or just looking to display a few bottles on the kitchen bench, Wine Stash is here to provide you with stylish, simple and affordable wine storage solutions.

When we search for, create and develop products we not only look for great aesthetics and functionality, but also accessibility in terms of value and pricing. Being the importer, wholesaler, distributor and retailer we are able to dramatically reduce our prices and pass on these savings directly to you. We pride ourselves on having the lowest prices on Wine Racks anywhere in Australia. We want to guarantee that you receive the best price for the product. So you can shop worry-free and hassle-free.

Throughout this brochure. You will find more information on the Wine Stash range for both commercial and residential wine storage. With our vast range available you are sure to find something to suit your exact requirements.

From everybody here at the Wine Stash family we thank you for choosing us.

Corporate Social Responsibility

Here at Wine Stash we recognise the importance of CSR and have developed a range of programs and partnerships to better benefit the planet.

One Tree Planted

Our work with One Tree Planted will ensure that for every wine rack sold at WineStash.com.au, we will plant a tree to help with global reforestation. This is part of our commitment to the environment and to help ensure sustainability for generations to come.

Our Target

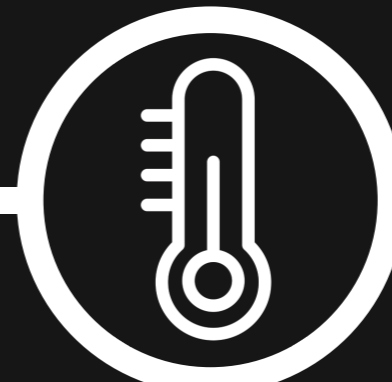

Our target is to plant 1 Million trees each and every year. Which is the equivalent to over 3,000 Soccer Pitches worth of trees which we aim to plant this year with your help. Simply look for the following symbol which indicates that we will plant a product for every unit sold.

Australian Trusted Trader

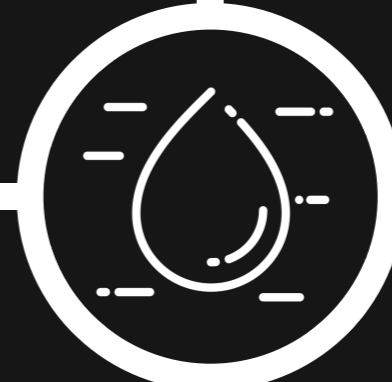

Wine Stash has obtained the accreditation of the Australian Trusted Trader by the Australian Department of Home Affairs. The accreditation demonstrates Wine Stash's commitment to outstanding Trade Practices and secure supply chains.

Understanding Wine Storage

Temperature

Store between 12-14 degrees celcius all year round.

Humidity

Maintain a consistent level of around 50%.

Vibration

Avoid storing near appliances or other sources of vibration.

Light

Wines store best in a dark location.

Our Capabilities

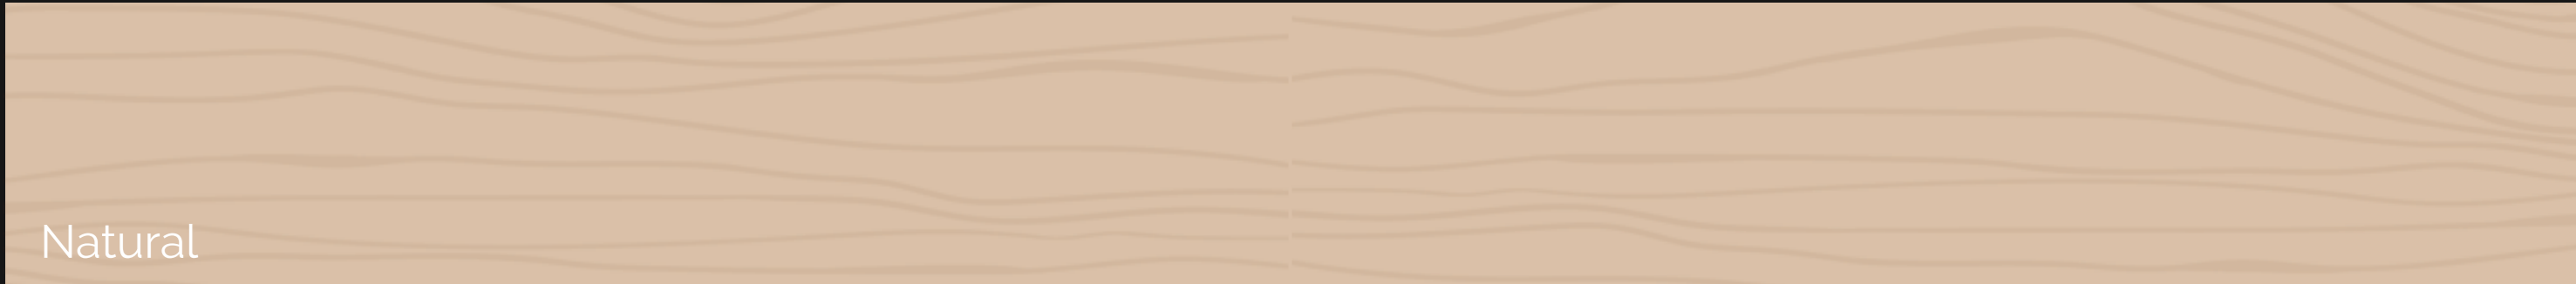

At Wine Stash we are able to assist you throughout the journey of creating your dream wine cellar. May it be for a small or large collection we will guide you from start to finish. If you purchase from us we have the capacity to explore a variety of possibilities including:

- Design & Installation
- Custom Carpentry
- Insulation
- Backlighting & Mirrors
- Glass Panels
- Customisable UV Tinting
- Backlighting and Mirrors

Wine Cube - Black Insert

Modular Collection

These wine racks are designed to be stacked together, making it extremely easy to store your growing wine collection professionally.

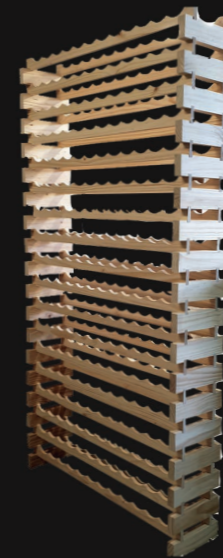

These all inclusive kits contains everything required to create the stylish wine rack pictured. This compact proprietary system is small enough to fit any style or space, with the potential to expand as your wine collection grows. Individual layers can be purchased as required to maximise your wine storage space. Perfect for apartments, tight spaces and for showing off your favourite reds.

Bespoke Collection

Barrels

Available in a range of different configurations; these barrels can be used for tables, bars, centrepieces and of course wine storage.

Each one of these original barrels was previously used during production of premium Australian wines. The barrels are then retrofitted by hand to create the timeless wine barrels pictured.

Ladders

Designed to comfortably hold up to 10 Bottles of Wine, this wine storage solution will compliment any Residential or Commercial Kitchen, Cellar, Restaurant or Bar.

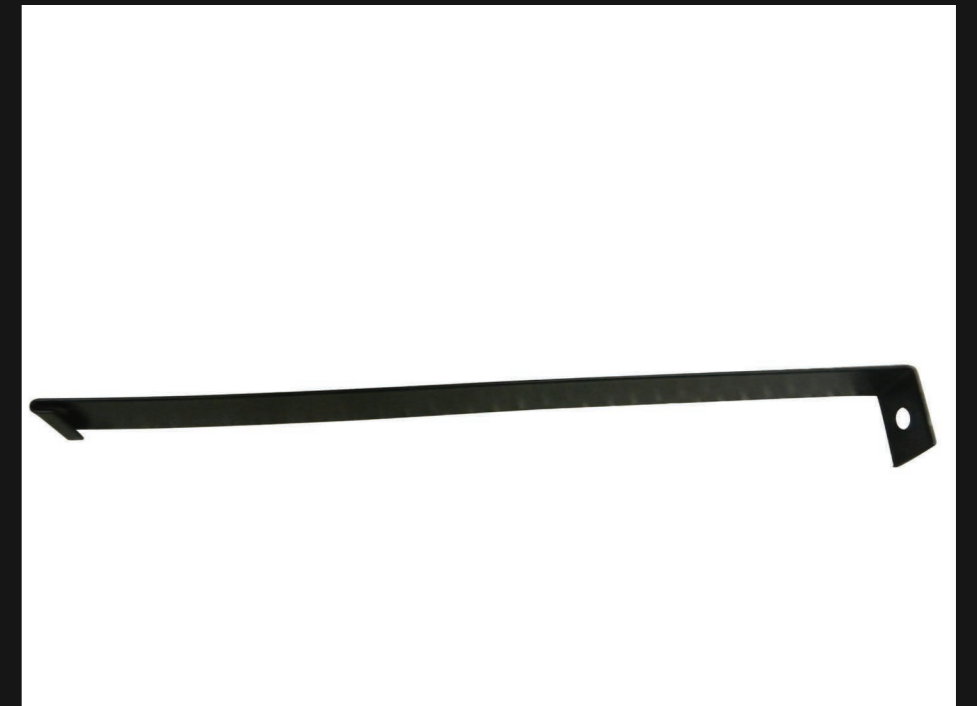

This wine rack is delivered fully assembled and requires no assembly on your behalf. Simply unpack and the wine rack is ready to go.
