INTOUCH WITH WHAT'S ON FIRE THIS WEEK

## CAN'T-MISS DESTINATION

Just a weekend at the **Borgata** in Atlantic City, N.J., may not be enough! With over 3,000 slot machines and 250 game tables, 13 restaurant options, three different nightclubs, a concert venue and two pools...why go anywhere else? Helpful hint: The spa's open from 6 a.m., so treat yourself to a hot-stone massage after a long night at the roulette table. (theborgata.com)

## SHAPE UP

No need to live in LA to look like a Hollywood star. Get toned in your living room with Lauren Kleban's **LEKfit** workouts. The dance-inspired method (her classes have a cult following in LA!) requires little to no equipment and is designed to create lean muscles with low-impact, high-intensity and fat-burning cardio. (\$19.99 per month, lekfit.com)

## PUCKER UP

**Charlotte Tilbury's** new shade in her Matte Revolution lipsticks line has us fangirling. **Sunset Lover** is the perfect peachy-pink for summer, and it's made with antioxidants to keep your pout soft and conditioned all day long. (\$34, charlottetilbury.com)

## SPECS APPEAL

**Bunny Eyez**, a line of reading glasses by Jenny Hutt and Stacy Fritz, puts the *fun* in functional! The temples fold so you can hold them opera-style when, say, you're getting your hair done *and* reading the new issue of *In Touch* at the same time. They come in five styles and more than 20 colors! (\$27 each, bunnyeyez.com)

Our Hottest Pick!

## WET & WILD

Pool shoes from your childhood just got a serious upgrade. Say hello to **Sea Star Beachwear** and the **Beachcomber Espadrille** water shoes – designed with neoprene fabric, the breathable slip-ons go from wet to completely dry in 15 minutes. Choose from a ton of colors (like hot pink, pictured), and hit the beach! (\$89, seastarbeachwear.com)

## VEGGING OUT

Want to cut down on carbs or sneak more nutrients into your child's dinners? **Cece's Veggie Noodle Co.** to the rescue! Swap a bowl of white rice with riced cauliflower, or substitute traditional spaghetti for zucchini, squash or beet noodles. In 8 minutes or less you've got a meal that's good for you *and* good enough to eat. (\$4.99 each, available at Target stores)
