Label Icon Index

Icons below are shown in catalog and highlight each labels best known for uses.

Files and Binders
DYMO® labels help organize files and binders.

Asset Tracking
Barcode labels help track inventory and assets.

Facilities and MRO
Durable labels provide solutions throughout facilities.

Supplies Storage
Keep track of storage and supplies with labeled boxes.

Wires and Cables
Wire and cable wraps identify components quickly, saving time and money.

Cable Flag
Cable flags help quickly identify cables for repair or troubleshooting.

Panel Block
Panel block labels minimize downtime.

Flat Surface
Labels adhere to flat surfaces without fading or peeling.

Curved Surface
Easy-to-peel split back design makes applying to curved surfaces quick and easy.

Textured Surface
DYMO® industrial labels adhere to textured surfaces.

Color Coding
Industrial vinyl tapes come in a variety of colors for easy identification.

Heat and Cold Resistant
DYMO® labels are resistant to near extreme cold and heat.

UV Resistant
DYMO® labels are UV ray resistant.

Chemical Resistant
DYMO® labels are chemical resistant.

Water Resistant
DYMO® labels are water resistant to prevent peeling.

Oil Resistant
DYMO® labels are oil resistant.

Explore the Rhino™ range

DYMO® industrial labelers and authentic labels are tough, affordable and long-lasting. They're loaded with convenient features that speed up your productivity—and help you save time and money.

The Rhino™ product line-up:

| Rhino™ 6000+ | Rhino™ 5200 | Rhino™ 4200 | Rhino™ M1011 Embosser |

Rhino™ Industrial Labels are reliable, tough and jobsite-tested labels for industrial applications.

Thermal transfer printing means labels won't smudge, smear or fade. Choose up to a 1" (24mm) label width in a broad assortment of materials and colors that meet OSHA, ANSI, ISO standards, Reach and RoHS standards.

All DYMO® Rhino™ Industrial Labels are packaged in easy-to-load cassettes made from 100% recycled materials. Labels have a split-back design making peeling and applying quick and easy.

DYMO® Rhino™ Industrial Labels are available in:
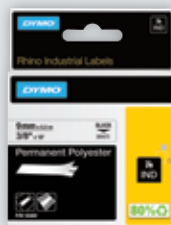

| Indoor/Outdoor Vinyl | Permanent Polyester | Flexible Nylon | Heat-Shrink Tube | Self-Laminating |

Complete your work with pride and professionalism

No matter what industry you work in, DYMO® industrial products give your installation work a clean, professional look that enhances your reputation. Our label printers and labels make it easier than ever to get results that meet industry standards—as well as yours. All our products stand up to the toughest conditions your industry can dish out.

One-touch "Hot Keys"—a DYMO® exclusive—save you time.

Shortcut keys for creating and formatting wire and cable wraps, flags and barcodes, patch panel, electrical panel, terminal and 110 block, vertical and fixed-length labels.

RHINO™ LABELING APPLICATIONS

Wire and Cable Wraps

Advanced wrap function automatically selects the right label and text size based on the wire gauge, cable diameter or cable type.

Panels and Blocks

Instantly format and serialize labels for patch panels, terminal blocks and modular components.

Flags

Create perfectly spaced flag labels allowing visibility from any angle.

Fixed-Length and Vertical

Fixed-length key automatically centers and prints fixed-length labels to your requirements. With the press of a button, align text vertically for easy-to-read labels.

Electrical Features

Pre-formatted for creating electrical panel, breaker and module labels.

Symbols and Terms Library

Provides fast access to common datacom, electrical, pro AV, security and safety symbols, including ohms, earth, phone, data and fax. Select and print 150+ industry terms from a built-in library.

Introducing the Rhino™ 6000+

The latest in the range of top-quality labeling tools from Rhino™. Create labels using DYMO® ID software on a PC and print on the Rhino™ 6000+ for easy editing.

Built to remain your labeling tool of choice for a long time.

The Rhino™ 6000+ has been designed to be "easy to use", with special features to make it just that. Label cassettes can be loaded and unloaded with no hesitation; the generously sized LCD allows you to edit and preview multiple labels and the Rhino™ "hot-key" technology provides shortcuts to your most common applications. The Rhino™ 6000+ also prints on the Rhino™ range of industrial-strength labels, which are built to withstand solvents, high moisture and extreme temperatures as well as being almost totally smudge-proof.

Rhino™ 6000+ Hard Case Kit

Kit Specs	
Item Number	2122499
Description	Rhino 6000+ HCK NA/LATAM
Kit Dimensions (L x W x H)	18" x 4" x 14" 45.0cm x 10.2cm x 34.9cm
Weight	15 lbs (6.9 kg)
EAN	00071701062604
Quantity	1

Kit includes:
- Rhino™ 6000+ printer
- Industrial Rhino™ white vinyl 3/8" (9mm) and flexible nylon 1" (24mm) tapes
- Rechargeable battery pack
- AC adapter
- USB cable
- Carry case
- Quick start guide

PC-connected or portable labeling tool

Print up to 1" (24mm) Labels
Different colors, materials and sizes are available.

Intuitive Graphical Interface
Create, edit and preview multiple labels on our largest backlit LD.

One-Touch, Power-Assisted Cutter
Eliminate the fatigue of manual cutting and increase efficiency.

Hot Keys
Eliminate guesswork and complicated menus; enjoy fast and easy formatting of commonly used label types.

Label Memory
Create and customize over 1000 labels with logos and symbols; and save them for instant recall.

Auto-Cutter
Convenient and simple.

Quick-Charge Li-Ion Rechargeable Battery
With on-screen battery life indicator.

Symbols
160 pre-programmed industry symbols.

Integrated Impact Bumper
Protects your tool against the daily knocks on site.

Use the Free DYMO® ID PC Software

Prints 8 barcode types including QR codes

Rhino™ 5200

Advance labeling tool for use in datacom and facilities.

Outperforms industrial labelers costing twice as much.

Label up to 77% faster with the portable, affordable DYMO® Rhino™ 5200.* Press one "Hot Key" to format text into perfect patch panel labels; press another to print matching cable flags or faceplate tags, without retyping! It's just as easy to print cable wraps, terminal/110 block labels, barcodes and more.

Features:

- **Meets all ANSI and TIA/EIA-606-B** industry labeling standards.
- **Exclusive one-touch "Hot Keys"** automatically size, space and format label text for electrical and patch panels, terminal and 110 blocks, wire and cable flags, wire and cable wraps, vertical and fixed-length applications.
- **Prints Code 39 and Code 128 barcodes** on 3/4" (19mm) wide labels – ideal for asset management.
- **Uses DYMO® Rhino™ Industrial Labels** with chemical-, heat- and UV-resistant materials; also prints directly on heat-shrink tubes.
- **Large** 14-character, two-line backlit display.
- **100-label memory** for storing commonly used labels.

Li-ion
Capable

3/4"
19mm
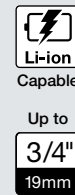

Item Number: 1755749

Single unit box includes:
- Rhino™ 5200 printer
- 3/4" (19mm) black on white vinyl tape
- Quick reference guide
- User manual on CD-ROM

Rhino™ 5200 Hard Case Kit

The "ready-to-go" labeling solution.

The Rhino™ 5200 hard case kit contains everything you need to be productive wherever you are. The labeler kit includes the Rhino™ 5200 labeler, tapes, a rechargeable lithium battery along with other accessories to ensure you are prepared for any job.

Item Number: 1756589

Kit includes:
- Rhino™ 5200 printer
- Durable hard carry case
- Rechargeable lithium-ion battery
- 3/4" (19mm) black on white vinyl tape
- 3/8" (9mm) black on white vinyl tape
- AC adapter
- Quick reference guide
- User manual on CD-ROM

*Based on the independent testing of the DYMO® Rhino™ 5200 vs. the Panduit LS8, Brady BMP21, Brother PT1650 measured in the number of key strokes when making a patch panel, all associated wire labels and faceplate labels.

Rhino™ 4200

All-purpose labeling tool with QWERTY keyboard for use in facilities, security and pro AV.

Compact, time-saving labeling for on-the-go pros.

Print labels 57% faster than the competition with the DYMO® Rhino™ 4200.** Easily navigate the familiar QWERTY keyboard. Use one-touch "Hot Key" shortcuts to quickly create and format wire/cable wraps, flags, Code 39 and Code 128 barcodes, fixed-length labels and more. Print labels up to 3/4" (19mm) wide in a variety of materials and colors—PLUS print directly on heat-shrink tubes.

Features:

- **Easy to navigate computer-style QWERTY keyboard** for quick and comfortable text entry.
- **Exclusive one-touch "Hot Keys"** use up to 45.5% fewer keystrokes to create a label than the competition[†].
- **Industrial-strength labeling versatility**—print directly on heat-shrink tubes. 1/4", 3/8", 1/2" and 3/4" (6mm, 9mm, 12mm and 19mm) wide labels available in a variety of materials and colors.
- **"Favorites" key**—single-key access to your most commonly used labels, symbols and terms.
- **"Custom" key prevents needless repetition**—customize and save settings for individual label formats.

Rhino™ M1011 Embosser

Industrial metal embossing tool.

Innovation that began over 40 years ago and continues today.

The Rhino™ M1011 Embosser embosses 1/2" (12mm) stainless steel and aluminum labels —with or without adhesive—that resist corrosion due to extreme weather, temperature, chemical and UV exposure. This tough, durable embosser features an easy-to-use label cutting handle (cuts rounded edges), hole and cable tie punches, a trailing edge measuring gauge and much more.

Features:

- **Uses 1/2" (12mm)** stainless steel and aluminum labels.
- **Built-in hole punch** for creating hanging, screw-on or nail-on labels.
- **Built-in cable tie slot punch** for cable marking.
- **Built-in measuring gauge**—accurately set length of leading and trailing label edge.
- **Easy-to-use cutting handle** makes cutting stainless steel labels effortless—cuts slightly rounded edges.
- **Print standard or reverse script labels**— both character wheels included.

1/2"
12mm

Item Number: 101105

Kit includes:
- Rhino™ M1011 Embosser for metal tapes
- Horizontal .188" (5mm) character wheel
- Reverse image wheel
- 1/2" x 12' (12mm x 4m) non-adhesive aluminum tape
- 1/2" x 12' (12mm x 4m) non-adhesive stainless steel tape
- Hard carry case

Rhino™ M1011 Embosser – Embossing Labels

For heavy-duty, extreme condition labeling.

Aluminum and stainless steel labels have excellent resistance to chemicals, extreme weather conditions, high and low temperatures and abrasion. Ideal for marking pipelines, underground cables, engine parts, building materials and much more.

1/2" (12mm) Metal Labels – Box of 10 Rolls

Get added labeling ease with DYMO® ID software. Only DYMO® ID software provides the same great life-like on-screen print previews, built-in label applications and pre-loaded templates found on your Rhino™ 6000+ label maker, while adding in features to help further simplify high-volume labeling tasks.

Available as a FREE download from **www.DYMO.com**

Life-like on-screen print preview shows exactly how labels will look when applied to cables, pipes and more.

Instant access to hundreds of time-saving pre-loaded templates for patch panels, asset tracking, materials management and safety signage.

Built-In Label Applications

Simply select an application from the Home screen to get started quickly.

General | Cable Wrap | Patch Panel | Horizontal Breaker | Asset Tracking | Heat-Shrink Tube | Quick | Flag | Distribution Panel | Terminal Block | Vertical Breaker
