ENGINEERED FOR INDUSTRY

WIDER
Expand labeling applications with supplies up to 36mm wide, and in a variety of materials such as magnetic tape and heat shrink tube.

FASTER
Brilliant print speeds of up to 35mm/sec at superb print resolution ensures a quick turnaround time with no compromise on quality.

EASIER & BETTER
Minimize tape waste with shorter lead margin of up to 4mm* and streamline label creating with industry application hot-keys and ergonomic design.

LABELWORKS PX LW-PX900

Catered to meet demanding industrial standards, the LW-PX900 is able to satisfy a wide array of needs by conforming to their application-specific requirements through the diverse range of label tapes that Epson offers.

Extraordinary Productivity

Print speeds of up to 35mm/sec at 360 dpi resolution will allow for a quick turnaround time with exceptional print quality. Engineered for increased productivity with its intuitive half-cut, pick-and-print and drop-stop features, you can peel individual labels as they print or commit to continuous printing.

Epson's LW-PX900 presents itself as an industry first with the option for mix-length printing to significantly save time by allowing you to create variable-length labels in a single print.

MINIMAL OPERATING COST

Minimize tape wastage and maximize cost-savings with a large backlit screen to preview printouts. Get more out of each roll of label tape with print margins as low as 4mm* through the auto tape rewind function that retracts excess tape. Epson's labels allow lasting longevity and contribute to more cost-savings by eliminating the need for constant replacement.

ENGINEERED FOR EASE

Intuitive Ergonomic Design

Configure your printouts quicker, with more efficiency through conveniently located short-cut keys to configure your printouts. Experience convenience through the ease of tape cartridge replacement from a front opening and the magnetic mounting capability.
