Perform a variety of functions in many different environments. Quality checks in the factory, inventory control for shipping and receiving, recording serial numbers, in your stockroom and on the selling floor—the 1153® Labeler does it all!

Easy-to-use

The easy-load design makes changing labels a snap—on average 75% less time compared to other Labelers. No complicated feed patterns. Labels flow easily through labeler with minimal waste. The Monarch® 1153® Labeler has an easy-turn dial that enables you to instantly print labels or make on the spot changes. Print clear, easy-to-read labels for positive identification.

The snap-in/pop-out ink rollers are easy too—takes 97% less time to change than other Labelers.

Alleviate messy ink on your hands, clothes or merchandise.

Dependable

The Monarch® 1153® Labeler has minimal moving parts so there is less downtime. The ABS plastic used in our Labeler is nearly indestructible. Tested and shown to withstand multiple impacts from being dropped a distance, up to five feet from the floor. Our ink rollers give you consistent print on every label everytime.
