

A PLACE IN THE GARDEN

BOOK SEVEN

Welcome to Book Seven.

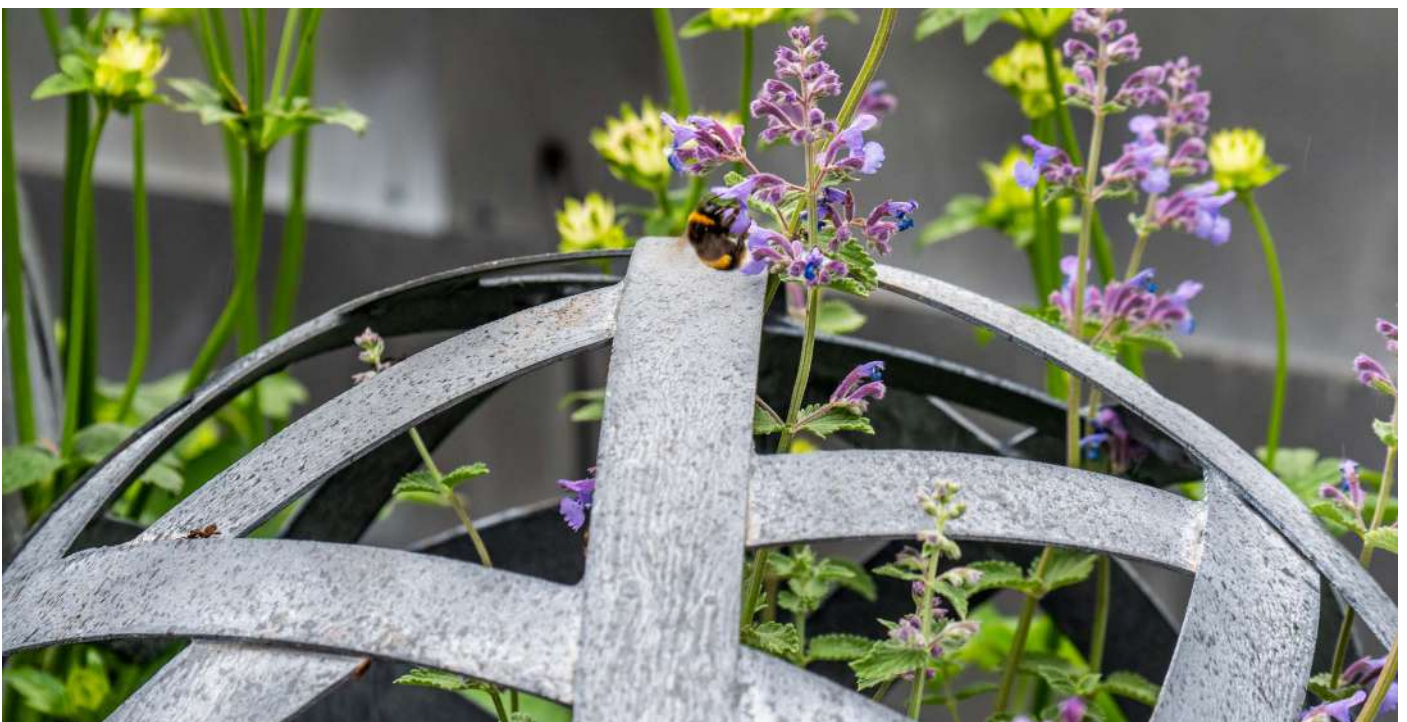

This latest lifestyle catalogue showcases our 2023/24 collection from A Place In The Garden.

We have chosen to not feature images and details of all our products individually in all of their sizes and designs, but we have integrated a QR code system for every single product page. Please hover the camera on your smart phone or device over the QR code and it will send you straight to the product information on our website.

All dimensions in this catalogue are width first, then depth and finally height. Round items feature the diameter first then the height. All measurements are in centimetres and weights are all in kilograms.

We are very excited to open our show garden in late June 2023, where we will have a wide variety of our products on display. All visits are by appointment only so please call us to book an appointment.

We would like to say a special thanks to Head Gardener Stephen Gore from Old Stretton Hall, Rebecca & James Lorimer from Coco Wolf, Sam Moore & Emma Golding from Visual Air and Andrew Appleton for the use of their stunning images in this Book.
