

# A PLACE IN THE GARDEN

## SPEC SHEETS - ENGLISH PLANTERS

These planters are traditionally English in shape and feel, having straight sides and a square panelled detail on all four faces. The English is a classic design, with a detailed moulding on the top and bottom. It is a more simplistic version of our Belgian planter, classic and understated. These planters will develop a beautiful aged patina over time, giving them an antique classic look. The planters will arrive in a weathered zinc finish, but over time they will lighten due to the natural oxidation process. These planters also come with a drainage hole, complete with a rubber bung, which gives you the option to use the planter both inside or out in the garden.
