

# A PLACE IN THE GARDEN

## SPEC SHEETS - LION HEAD PLANTERS

An elegant tapered planter in heavy gauge steel dipped in molten zinc, with a cast of a Lions Head on the front face, inspired by 19th century Flemish design. The Lion Head planters make a wonderful addition to any garden and can be used for many different purposes, such as defining an entrance, lining a walkway or accenting a courtyard. These planters will develop a beautiful aged patina over time, giving them an antique classic look. The planters will arrive in a weathered zinc finish, but over time they will lighten due to the natural oxidisation process. These planters also come with a drainage hole, complete with a rubber bung, which gives you the option to use the planter both inside or out in the garden.
