

Grit Bins

Safe & Functional Bulk Material Storage Data Sheet

Capacities from 50 - 300 litres

Benefits

- **Multi-Use**

Perfect solution for storage of sand, salt and sorbent in a large variety of applications at gas stations, public transport stops, pedestrian traffic areas and much more

- **Durability**

Extremely resistant to mechanical damage, poor weather conditions and UV radiation

- **Functionality**

During off-season, bins can be emptied and stacked to take up little space. They can be transported by forklift*, which facilitates their handling and storage

- **Design**

Unique structure and innovative design ensures bins can be placed in almost any pedestrian traffic area

- **Warranty**

All bundled storage containers are covered by a five year warranty**

Grit Bins

Kingspan Grit Bins are an ideal solution for storing materials including sand, salt and sorbent, used to protect roads and pavements. Available from 50-300 litres, all containers are available in yellow as standard or optional red, green and blue.

The Grit Bins are manufactured from top-quality polyethylene and they offer strong, rigid construction to withstand all weather conditions. Having no metal components, they are extremely light and do not corrode.

40 Years' Experience

40 YEARS

Tank Guarantee**

5 JAHRE
