ABOUT US

3

The Power of Oregano, Crafted into Wellness

From the heart of Durango, Oreganic transforms wild Mexican oregano into health and vitality.

Since 2005, we've created natural solutions that inspire trust, build loyalty, and deliver visible results.

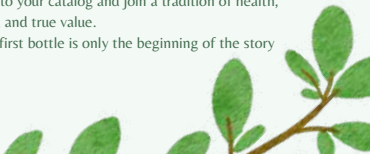

More than a product, Oreganic is an experience—rooted in authenticity, artisanal care, and proven benefits.

For Wholesalers: High product rotation, excellent profit margins, and a brand in harmony with the global shift toward natural wellness.

For Retailers: A dependable, affordable product that creates real impact and drives repeat purchases.

Add Oreganic to your catalog and join a tradition of health, craftsmanship, and true value.

Because their first bottle is only the beginning of the story

2005 – The Birth of Oreganic

From the heart of Durango, Mexico, we set out with a bold vision: to transform wild oregano into natural, effective, and high-quality health solutions trusted around the world.

2006 – Crafting Nature with Care

We embraced responsible harvesting and artisanal distillation, ensuring purity in every drop while protecting the ecosystems that give us life.

2007 – Crossing Borders

With our FDA export permit and DUNS No. 1 certification, we proudly entered the U.S. market—placing Oreganic on the global stage as a brand with credibility, quality, and international reach.

2009 – Protecting Our Identity

We secured our first trademarks with the Mexican Institute of Technology (IMPI): UP&Go® and OREGANIC®, strengthening our brand, enhancing our packaging, and guaranteeing consumer safety.

2010 – Raising the Standard

We implemented rigorous sanitary protocols and advanced laboratory testing—ensuring every batch meets the highest standards of purity, potency, and consistency.

2015 – Backed by Science

We carried out our own clinical studies, supported by CONACYT, and formed alliances with prestigious institutions including UJED, UTD, Chapingo, CIIDIR, INIFAP, among others—validating the benefits of oregano with scientific evidence.

2017 – National and International Renown

We showcased Oreganic at key fairs and expos such as FOOD TECH Los Angeles, NATURAL EXPO WEST Anaheim, GROW SUMMIT CDMX, EXPO CO-CREATE Las Vegas USA, and EXPO ANTAD, along with several local events—sharing our passion for natural wellness with the world.

2018 – Institutional Recognition

We became active members of Mexican chambers and associations including CANACINTRA, ANMEC, and the Scientific Society of Oregano, strengthening our industry ties and influence.

2020 – Digital Expansion

We entered leading e-commerce platforms such as Alibaba, Amazon, Mercado Libre, and Shein, bringing our products to customers across Mexico and the United States.

2022 – Strategic Internationalization

We joined the “Fit for Partnership with Germany” program to explore new international markets and position Oreganic as a global brand.

2023 – Strong Commercial Partnerships

We expanded into national health food chains, pharmacies, and specialized retailers, forging collaborations with healthcare professionals and wholesale distributors.

2025 – International Vision

We elevated the value of Mexican oregano as a sustainable, high-impact export, building strategic alliances to improve the quality of life for people around the world.

MAIN BENEFITS OF OREGANO OIL-OREGANIC®

6

(Lippia graveolens – 100% natural, wild and proudly Mexican)

From the wilds of Mexico comes a natural treasure with exceptional properties. Our oregano oil, rich in carvacrol (70%), is a powerful and versatile ally for those seeking to protect their health naturally, effectively, and without harsh chemicals.

Why choose it? Because your health deserves the best of nature.

Key Benefits That Set Oreganic Apart:

- **Ironclad Defenses:** Fortifies your immune system and helps protect against chronic conditions like diabetes, high cholesterol, and hypertension—starting from within.
- **Effortless Digestion:** Naturally soothes gastritis, reflux, ulcers, gas, and other digestive discomforts.
- **Potent Anti-Inflammatory:** Relieves joint, muscle, and rheumatic pain—without unwanted side effects.
- **Breathe with Ease:** Provides effective support for colds, cough, congestion, and respiratory health.
- **Natural Antimicrobial Shield:** Combats bacteria, fungi, and parasites using the power of nature.
- **Balanced Glucose:** Supports healthy blood sugar and metabolic function.
- **Vital Organ Support:** Promotes optimal heart, liver, and pancreas performance.
- **Powerful Antioxidant:** Defends your cells from oxidative stress and premature aging.
- **Energy & Focus Boost:** Enhances mental clarity, mood, and overall daily performance.

Choose natural. Choose authentic. Choose Oreganic®.

The essential oil that helps your well-being.

REAL TESTIMONIALS THAT 7 INSPIRE CONFIDENCE

Natural Wholesalers/Distributors

“We tested it in three branches as a pilot, and in less than two weeks the oil was already selling itself. It’s a product that is recommended by word of mouth. Now it’s part of our core inventory.”

— Patricia León, National Purchasing – Naturales Vida Sana, Mexico City

“Offering Oreganic is easy: the packaging is attractive, turnover is high, and the margins are very competitive. It’s one of the fastest-growing products in our natural line.”

— Luis Ramírez, Regional Distributor – Bajío

“We’ve been working with Oreganic for over a year. The scientific backing, traceability, and customer service make all the difference. They’re not just a supplier, they’re a business partner.”

— Sofía Gutiérrez, Purchasing Director – Salud Integral Norte

° Retail Clients / Health Food Stores

“We used to sell other essential oils, but nothing had as much impact as Oreganic oregano. Customers buy it, recommend it, and come back for more.”

— Jesús Méndez, Owner – Farmacia Sagrado Corazón.

“I love that it’s an artisanal and Mexican product. People are looking for that today. Plus, the design is clean and professional. It looks good on the shelf and instantly builds trust.”

— María Elena Salas, Manager – Botica Natural Luz del Norte.

“Since we included it in our store, our customers have written to us with gratitude. They say it has improved their digestion, their energy, and even their mood. It’s one of our star products.”

— Tania Robles, Co-founder – Alma Natural, Puebla

The background of the image is a light, neutral-toned surface, possibly a table or countertop. Scattered across this surface are several sprigs of Mexican oregano (Lippia graveolens). The leaves are small, dark green, and have a slightly serrated or pointed shape. Some sprigs are more upright, while others are more horizontal. The overall composition is a top-down view of the fresh herbs.

OUR PRODUCTS

**MADE WITH MEXICAN OREGANO OIL
(LIPPIA GRAVEOLENS)**

OREGANO POWDER

(LIPPIA GRAVEOLENS HBK)

Oregano free of impurities and

- Acaricide
- Repairs damage caused by bacteria and fungi in flora

Presentation: 1L (33.81oz) bottle

Dosage: Spray three to five times on the affected area and let it work.
(Repeat the dose as needed.)

A vintage brass steam engine or distillation apparatus is the central focus, featuring a complex arrangement of pipes, valves, and a cylindrical boiler. The machine is set against a backdrop of several large, tied burlap sacks, some of which are filled with dried green herbs. In the foreground, a shallow wooden bowl brimming with fresh green herbs sits next to more burlap sacks. The scene is bathed in a warm, golden light, creating a nostalgic and artisanal atmosphere.

MACHINERY

DISTILLATOR WITH STAINLESS STEEL CONDENSATION SYSTEM

32

Reference image:

*Prototype of a hydrodistillator to
obtain essential oils from
aromatic plants*

Description: Our distiller is made of stainless steel and designed to transform aromatic plants into valuable essential oil through steam. The system includes a high-efficiency condenser that cools the steam, naturally separating the oil from the water through decantation.

Includes:

- ✓ Complete installation (materials + labor)
- ✓ Thermometer and pressure gauge for total control
- ✓ Specialized training

Ideal for producers seeking efficient extraction, quality, and performance.

INDUSTRIAL OREGANO SCREENING EQUIPMENT

33

*Cleanliness, efficiency, and sustainability
in every screen.*

Reference Illustration

Prototype of an Oregano Processing Plant

Description: Specialized machine designed to separate stems, leaves, and powder, delivering clean oregano ready for market. Ideal for producers looking to add value to their harvest through a professional separation process.

Key Benefits:

- ✓ Processing capacity: 2,000 kg (4400lb) per shift
- ✓ Service life: Approximately 10 years
- ✓ 1 HP motor, adaptable for generator or three-phase power
- ✓ User-friendly and easy to operate
- ✓ Promotes the sustainable use of forest resources

Perfect for domestic markets that demand quality, consistency, and flawless presentation.

OREGANO FLUIDIZER - EXPORT MODULE (M2)

34

Reference image:

*Prototype of fluidized oregano
plant for the export market*

*Cleaner, finer, more valuable
oregano: quality that crosses borders*

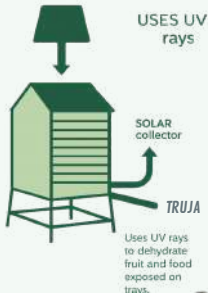

Description: Specialized equipment with a gravity table for cleaning and sorting oregano by weight and size, eliminating impurities, dust, and unwanted particles after screening. Ideal for delivering whole leaf to the international market, fine and of premium quality. Optimize your production for export with this high-precision gravity table, equipped with a 1HP motor and variable speed.

Result: Oregano spice ready for export, meeting global quality standards.

SOLAR DEHYDRATOR

*High Capacity Solar
Dehydrator – Ideal for
Sustainable Production*

Reference image:

*Dehydrator equipment
prototype*

Maximize the quality of your products with this 50 kg solar dehydrator, ideal for fruits, herbs, seeds, meats, and more. Its design protects against UV rays and maintains the integrity of your food with food-grade materials.

Built to last and easy to transport, it is perfect for rural businesses, cooperatives, or exporters seeking a high-performance eco-friendly solution.

- ✓ 10 m² of drying surface
- ✓ Temperature range: 45–70 °C
- ✓ Empty weight: 55 kg
- ✓ Easy to assemble and transport thanks to its industrial wheels
- ✓ Minimal maintenance
