

## Field of application

- The hood is worn together with a helmet. It is firmly attached to the helmet.
- The hood has a clear non-tinted visor with a color recognition above 92%.
- The hood is made with a very light weight fabric so that it doesn't affect the person even with longer wearing time.

## Arc flash protection

- ASTM F2178: **ATPV 40.0 cal/cm<sup>2</sup>  
HRC 4**
- DGUV GS-ET-29 **APC 2 (Class 2), W<sub>LBP</sub> = 630 kJ**

## Size

- Universal size
- Visor 55 x 25 cm

## Weight

- 650 g

## Delivery with

- Anti fog gel
- Textile bag

## BSD Real View Technology

### Standards / Certificates

- ASTM F2178-12
- DIN EN 166: 2001
- DIN EN 170: 2002
- DGUV GS-ET-29:2019

### Certificate of Conformity

- Regulation (EU) 2016/425
