

tom schneider
perfectly curved design

Curvaceous, Timeless, Inimitable

**UNMISTAKABLE
HANDMADE DESIGN
SINCE 1996.**

Welcome to our retail collection

I've been designing and producing furniture for over 25 years and the same passion that pushed me to pursue furniture design continues to drive me today.

Taking a new idea from initial sketch through to the beautiful finished product, including the challenges in between, makes designing every new piece as rewarding as it has always been.

As you browse through this brochure you'll discover effortlessly stylish, thoughtfully designed furniture, with curved lines running through the core of each collection which makes them endlessly combinable. I design all new furniture to be cohesive with existing designs so I love to see furniture from different collections used in one space and you can be confident that they will look stunning together.

You can discover more about us, keep up with our latest designs and obtain samples of our extensive woods, fabrics and leathers by visiting our website: www.tomschneider.co.uk

tom schneider
perfectly curved design

on design

Always driven by curiosity and a desire to stand apart with furniture design that can't be found elsewhere, we look beyond trends and turn instead to nature and abstract shapes for inspiration.

We aim to harness the unique, to create both visually striking and beautifully formed furniture of enduring style. This means designing freely, without the limitations of manufacture in mind, to ensure the essence of the design is never compromised.

For us, the beauty of the furniture should come from its pure form; we're drawn to strong shapes finished with sumptuous natural woods that captivate without the need for further embellishments.

Each new piece is conceived with our core guidelines in mind - Curvaceous, Timeless, Inimitable - making every design unique, able to stand the test of time and true to the distinctive Tom Schneider style.

our technique

We pride ourselves on producing furniture of the highest quality, made by artisans with a passion and dedication to achieving excellence for you, our customer.

Our progressive designs and unconventional shapes push us to create innovative production methods to bring these ideas to life. Each collection and every design requires a unique approach, meaning there is no large scale machinery in our workshop - expert hands coax the wood into shape using jigs and formers, each expressly designed to form the distinctive curves we're renowned for.

Our team of master craftsmen continue to uphold our tradition of superior quality through clever construction and beautiful finishing. Maintaining our reputation for excellence is our priority and each item of furniture goes through rigorous quality control checks at each stage of production before taking its place in your home.

The confidence we hold in our craftsmanship means we can offer a 10 year extended guarantee on our furniture.

our woods

Natural wood is a wonderful material. The variation of grain patterns and hues between every tree creates a stunning visual, no two pieces are ever the same and this simply adds to the uniqueness of your furniture. We choose the finest veneers obtained from trees that are clearest of branches to avoid large knots and blemishes on your furniture.

All our designs are available in a choice of 10 natural wood veneers: Oak Blonde, Oak Natural, Cherry Blush, Silver Oak, Walnut Mocca, Walnut Natural, Walnut Noir, Wenge, Zebrano and Ebony.

We're committed to sourcing woods with due consideration for environmental issues, using veneers from countries where we can be sure there is no illegal logging. If a wood species is endangered, such as Zebrano and Ebony, we prefer to use natural veneers that are stained or manipulated to achieve the desired finish. Using veneer is more ethical than solid wood, as only a fraction of wood is required to craft each piece of furniture. Veneers can be laid next to each other seamlessly to create a beautiful flowing finish that can't be achieved with solid wood.

You can order complimentary wood, fabric and leather samples via our website using the swatch request form.

WALNUT NATURAL
Walnut has a beautiful grain that has more figure variation than any other wood. Its colour can vary from a light-mid chocolate brown which lightens over time.

WALNUT MOCCA
We apply a custom pigment to natural veneer that recreates the beautiful lighter brown tones of Walnut.

WALNUT NOIR
We apply a deep, rich pigment to natural veneer that captures the wonderful darker tones of Walnut.

SILVER OAK
This cool grey finish is achieved by manipulating real wood veneers to create a multi-tonal wood with a unique grain.

ZEBRANO
Zebrano is a vulnerable species of wood so for ethical reasons we use natural veneers manipulated to capture Zebrano's straw-like stripes.

OAK BLONDE
We apply a pigment to natural oak to create a lighter colour and fresh appearance, allowing oak's strong grain patterns to remain a feature.

OAK NATURAL
Oak has a strong grain pattern, with distinctive flecks and the tone can vary from light to mid brown.

CHERRY BLUSH
We add a rich pigment to natural veneer to capture the warm red tones of Cherry Wood.

WENGÉ
Wengé is an at-risk species so for ethical reasons we stain veneers using a pigment that captures the rich, warm tones of this wood.

EBONY
Ebony is an endangered species so for ethical reasons we use a natural veneer that is manipulated to capture Ebony's distinctive two-tone appearance.

we
design
for you

Choice is an integral part of our offering. Every piece of Tom Schneider furniture is handmade to order and we give you the opportunity to customise all aspects of our designs until they are perfect for your home. You can also choose beyond our extensive range of woods, fabrics and leathers as well as our standard sizes to further tailor the furniture to your desired look.

Our Bespoke service:

Tom has specialised in bespoke furniture design from the very beginning and offers a highly personalised service to help you realise your vision by creating a unique piece of furniture. Our technical team will discuss all of your requirements with you and then work closely with Tom to produce initial drawings which can be further modified as needed. There is no charge for consultations or drawings and we don't require any commitment before you are happy with the design.

Swirl

Arresting, inspiring, sublime.

The Swirl collection is characterised by distinctive rolling curves that have cemented it as an iconic Tom Schneider design. Furniture in this collection has a soft, flowing sense of movement and the smooth, swirling shapes make a bold statement while providing chic, practical furniture.

DNA

*Seductive, elegant,
iconic.*

The DNA is Tom Schneider's signature design and after 20 years has lost none of its impact. Inspired by the strand of life, the pieces are statuesque and the sculptural winding form is effortlessly dramatic, making the DNA a real show-stopper.

Crest

*Daring, innovative,
seamless.*

Inspired by a cresting wave and characterised by a gravity-defying shape that tapers to a narrow anchor point, these tables are as individual as they are beautiful. The strong organic shape is formed from a piece of wood that curves seamlessly from base to top edge to give its characteristic look and a flawless finish.

Swoop

Chic, cool and graceful.

The Swoop is an exquisitely designed light formed in a spectacular arc that narrows to a slender peak. The two design variations make it perfect for both creating a minimalist space and for those who prefer more traditional design.

Swoop Light with LED
L163 D40 H200

The Swoop Floor light is available with a hand crafted hanging wooden shade or with an inset LED light to enhance its minimalist aesthetic. The hanging wooden shade comes with a Hue light bulb and both lights benefit from a remote dimmer control, offering ambient lighting to set the perfect mood.

Swoop Light with Wooden Shade
W185 D40 H200

Serpent

*Artistic, elegant,
charming.*

Named for its winding, serpentine curves, the stunning furniture in the Serpent collection creates an alluring focal point in its surroundings. The twisting form flows from tight to gentle curves, creating a beautifully organic shape with a strong sense of fluidity. An instant design classic.

Wave

*Pure, flowing.
functional.*

Fluid movement is perfectly captured by the design of the Wave collection. Living room furniture that is effortlessly stylish and practical, the minimalist forms are elegant and have a subtle, tactile beauty that evokes the calm flow of open water.

Cornerless

*Playful, open,
balanced.*

The Cornerless coffee table is defined by its geometric balanced form. The shape folds in on itself exposing four phantom corners which allow access to the central glass storage area. This table is a characterful centrepiece that makes a subtle yet bold statement.
