WATERPROOF

-13°F-140°F  
WORKING TEMP

0-12 CHILDREN  
WARNING

## IMPORTANT SAFETY INSTRUCTIONS

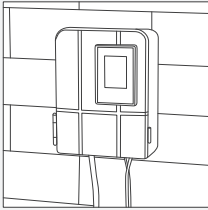

**Please read the following important safety instructions thoroughly prior to installation:**

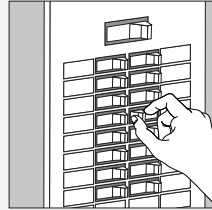

1. This lighting fixture is suitable for use with an AC/DC 12-24V power supply.
2. DO NOT install the light while the electricity is on and connected.
3. The fixture is IP65 rated, DO NOT install under water.
4. DO NOT install or connect wire with wet hands.
5. Only use CSA or UL approved low voltage wire.
6. This light fixture requires a smart hub (not included) to operate.
7. The pairing process must be operated within 50ft (15 meters) of the light fixtures, which is also the maximum distance allowed between the fixtures.

# INSTALLATION

- ❗ Turn off the main power switch before installation.

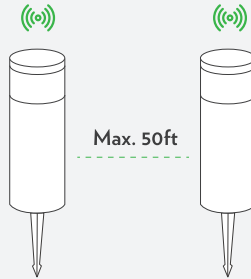

12-24V AC/DC Output

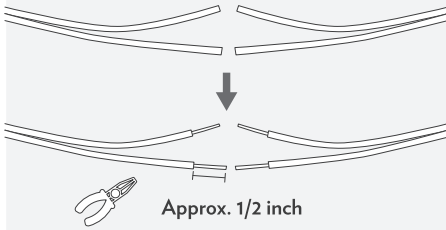

- 1 Determine the installation location.

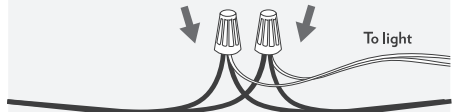

Max. 50ft

- 2 Modify the power wire.

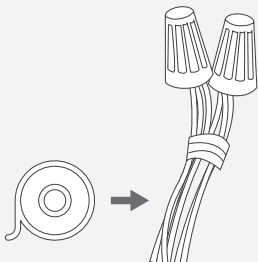

- 3 **Note:** Hide bare wires inside the wire nuts.

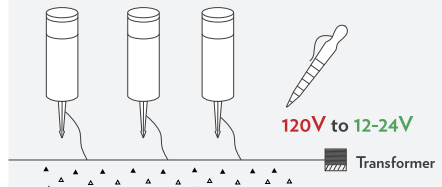

Short Circuit Warning: If you are using a DC system, make sure you group the positive and negative into different wire nuts.

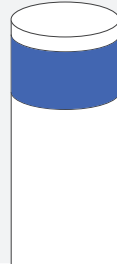

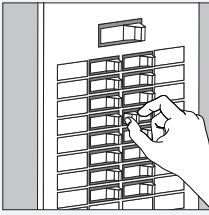

- 4 Fasten the wires tightly together.

- 5 Connect all remaining lights to the system then install in place.

- 6 Flip the switch to bring your lights back to life. Keep an eye out - when it starts blinking, you'll know that it's ready for a connection with your smartphone. If not, cycle the power OFF-ON five times and watch as everything resets itself into pairing mode.

Blinking
