- Weight: 4.09 oz / 116g (without battery)

Maintenance

Every 6 months, threads should be wiped with a clean cloth followed by a thin coating of silicon-based lubricant.

Warranty Service

All GOVOLT® products are warranted for quality. DOA / defective products can be exchanged for replacement through a local distributor/dealer within the 14 days of purchase. After 14 days, all defective / malfunctioning GOVOLT® products will be repaired free of charge for a period of 18 months from the date of purchase. After 18 months, a limited warranty applies, covering the cost of labor and maintenance, but not the cost of accessories or replacement parts.

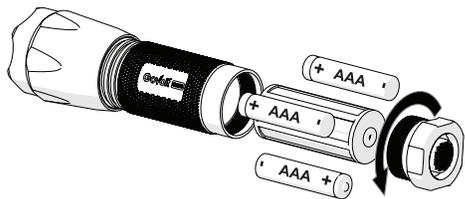

The warranty is nullified in all of the following situations:

1. The product(s) is/are broken down, reconstructed and/or modified by unauthorized parties.
2. The product(s) is/are damaged through improper use.
3. The product(s) is/are damaged by leakage of batteries.

For full terms visit the warranty section at www.govolt.com

OPERATING INSTRUCTIONS

BATTERY INSTALLATION (see above diagram)

1. Unscrew the end cap in a counter-clockwise direction.
2. Remove battery harness
3. Insert three AAA alkaline battery into harness
4. Insert battery harness into flashlight.
5. Screw back the end cap in a clockwise direction

NOTE: Ensure batteries are inserted with the positive (+) end pointing towards the correct direction. The G250 will not operate with incorrectly inserted batteries

SWITCHING ON/OFF

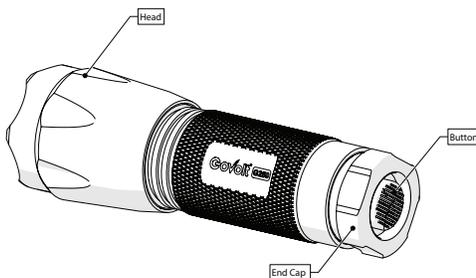

TO SWITCH ON: Press the green button on the end cap until a "Click" is heard.

TO SWITCH OFF: Press the green button on the end cap a second time until a "Click" is heard.

MODE SWITCHING

The G250 has 3 modes: High, Low, and Strobe.

These 3 modes can be changed by lightly pressing the green button on the End Cap.
